in Medicinal chemistry: A CSIR-CDRI
perspective"*

Dr. A.K. Shaw

11:05 am to 11:25 am

*"Mycobacterial DNA Base-Excision-
Repair pathway and New inhibitor
discovery strategies"*

Dr. R. Ravishankar

11:25 am to 11:40 am

Tea break

11:40 am to 12:00 pm

*"Crystal Structure Prediction of The
Anhydrous form of Levofloxacin"*

Dr. T. Thakur

12:00 am to 01:00 pm

*"Protease control in
Health and disease"*

Prof. Dr. Robert Huber

03:30 pm to 04:30 pm

*Students' Interaction with the
Nobel Laureate*
